

# DRINKING WATER NOTICE

## PASSAMAQUODDY WATER DISTRICT

### ME0090510

### Our Public Water System Has Completed an Initial Service Line Inventory

**No Lead Service Lines or Galvanized Service Lines Requiring Replacement (GRR) were found, and we have no service lines where the construction material of the line is unknown.**

On October 10, 2024 The Passamaquoddy Water District provided the Maine Drinking Water Program with a request for approval of our initial service line inventory, which identified no lead, galvanized requiring replacement (GRR) or unknown service lines.

The service line inventory was developed using the following verification method(s):  
*(Water system must select all verification methods used in its evaluation of service lines)*

- Field Inspection by PWS
- Records Review
- Statistical Analysis
- Customer Self-Identification
- Other(s) Maine Drinking Water Program -Approved Method(s):

On October 10, 2024 the Maine Drinking Water Program accepted our service line inventory.

For more information on all service lines for the Passamaquoddy Water District contact  
Ann Bellefleur at 853-2660
